Professional CV in Preparation

Eng. Seid Shimelis

Irrigation & Water Resources Engineer | Dam & Headworks Specialist | Project Manager

Thank you for your request and for your interest in the professional profile of Eng. Seid Shimelis.

His downloadable professional CV is being carefully prepared and verified for publication within the HARE Irrigation Project Digital Archive. The final document will present his engineering, project-management and technical-leadership experience in a polished international professional format.

Eng. Seid is a highly experienced irrigation and water-resources engineer with nearly three decades of progressive professional work in irrigation and drainage, dams, diversion headworks, pressurized and gravity systems, water-resources assessment, detailed design, project management, construction supervision and contract administration.

His career has advanced from reconnaissance and hydraulic design of individual schemes to management of major irrigation developments such as Ziway, Raya, Kesem-Bolhamo and Omo Valley Farms, together with senior leadership of headworks, surveying, irrigation and drainage engineering processes.

BSc Irrigation Engineering	MSc Water Resource & Irrigation Engineering	PM Major Irrigation Projects	HARE Original 1995 Team Member
--------------------------------------	--	--	--

STATUS	Professional PDF CV - in final preparation and verification
PROFILE	A senior irrigation and water-resources engineer whose experience connects detailed hydraulic and structural design with major project management and technical leadership. His portfolio includes pressurized and gravity irrigation, diversion headworks, dams, pumping systems, drainage, multidisciplinary coordination, tender documentation and contract administration.

While the downloadable PDF is being finalized

His full online professional CV and HARE introduction remain available for review.
