Professional CV in Preparation

Eng. Tamir Mitiku Habeteyes

Hydraulic & Hydropower Engineer | Irrigation | Water Supply | Sanitation | Wastewater

Thank you for your request and for your interest in the professional profile of Eng. Tamir Mitiku Habeteyes.

His downloadable professional CV is being carefully prepared and verified for publication within the HARE Irrigation Project Digital Archive. The final document will present his extensive hydraulic, irrigation, water-supply, sanitation and wastewater career in a polished international professional format.

Eng. Tamir is a highly experienced senior water-infrastructure professional with more than twenty-five years of progressive experience. His career extends from irrigation reconnaissance and design to groundwater and pumping systems, large agricultural water developments, urban water supply and sanitation, wastewater and fecal-sludge treatment, construction supervision, commissioning and operational performance monitoring.

This breadth allows him to connect almost the complete engineered water cycle—from source development and conveyance to productive irrigation use, urban service delivery, sanitation, treatment and long-term operation.

BSc Irrigation Engineering	MSc Hydraulic & Hydropower Engineering	RPP Practicing Professional Engineer	25+ Years Water Infrastructure
--------------------------------------	--	--	--

STATUS	Professional PDF CV - in final preparation and verification
PROFILE	A senior hydraulic and water-infrastructure professional whose experience spans irrigation, groundwater, pumping, bulk conveyance, urban water supply, sanitation and wastewater treatment. His recent assignments include FSTP/WWTP design review, construction supervision, QA/QC, commissioning, O&M and performance monitoring, supported by earlier major agricultural-water and urban WSS experience.

While the downloadable PDF is being finalized

His full online professional CV and HARE introduction remain available for review.
